

19965-31/JWE

memorabilia item. Similarly, the housing might be assembled in a manner that does not require sonic welding or gluing, so long as the housing exhibits an integrity, such that it can not be opened or disturbed without leaving permanent visual evidence of tampering or damage.

Accordingly, the invention is not limited to the particular embodiments described above. Rather, the invention is intended to cover all modifications and changes that fall within the broad scope of the appended claims.
